WITNESSETH:

That WHEREAS, the City has voluntarily endorsed the practice and procedures of collective negotiations as a fair and orderly way of conducting its relations with its permanent, non-supervisory, non-clerical employees engaged in maintenance, construction and normal labor within the Public Works Department, Parks Department, Public Utilities Department, Fire Department, and Fleet Services Department, hereinafter more fully defined as the bargaining unit, as such practices and procedures are appropriate to functions and obligations of the City to retain their right to operate the City government effectively and in a responsible and efficient manner; and

WHEREAS, it is the purpose of the parties to set forth their entire Agreement covering rates of pay, wages, hours of employment and other conditions of employment, to increase the efficiency and productivity of employees represented by the Union, and to provide for prompt and fair settlement of grievances without any interruption of or other interference with the operations of the City; and

WHEREAS, the City and the Union agree that in the interests of collective bargaining and harmonious relations they will at all times abide by the terms and conditions of this Agreement; and

NOW, THEREFORE, in consideration of the mutual covenants herein contained, THE PARTIES DO HEREBY MUTUALLY COVENANT AND AGREE AS FOLLOWS:

ARTICLE 1
RECOGNITION

The City recognizes the Union as the sole and exclusive bargaining agent for non-supervisory, non-clerical employees engaged in maintenance, construction or manual labor in the Public Works Department, Parks Department, Public Utilities Department, Fire Department, and Fleet Services Department.

For the purpose of clarification, the phrase, "non-supervisory, non-clerical employees engaged in maintenance, construction, or manual labor" shall be defined as Skilled Labor City Employees who are represented by the Union. those permanent employees employed in the following classifications:

Laborer
Operator
Special Skilled – Public Utilities Department
Special Skilled – Public Works and Parks Department
Special Skilled Mechanic

Classifications describing similar work in the above listed departments, which are mutually determined and agreed upon by the City and the Union, shall also be represented by the Union.

The City further agrees to negotiate in good faith with the Union with respect to wages, hours, and conditions of employment.

ARTICLE 2
FAIR REPRESENTATION

The Union recognizes its responsibility as bargaining agent and agrees fairly to represent all employees in the bargaining unit, whether or not they are members of the Union. The Union further agrees to indemnify, defend and hold harmless the City and its officials, representatives and agents from any and all claims, demands, suits or other forms of liability (monetary or otherwise) and for all legal costs resulting from any failure on the part of the Union to fulfill its duty of fair representation.

The City shall provide written notice to the Union of new employees hired in the bargaining unit. The Union shall provide written notice to the City listing all current members of the bargaining unit.

ARTICLE 3
DUES CHECK OFF

Upon receipt of a properly signed and completed authorization form for dues check off, the City will deduct the appropriate dues from each employee's paycheck. Dues check off authorization forms shall be honored for employees represented by the Union and when they are received at least ten (10) days prior to the payday on which dues are to be deducted. All dues check off authorizations shall be submitted to the Finance Director. Dues will be deducted twice per month from employee's paychecks. Bi-monthly dues will be calculated by taking monthly dues multiplied by 12 and divided by 24 pay periods.

ARTICLE 4
MANAGEMENT RIGHTS

The City and the Union agree that the City possesses the sole right and authority to direct the employees of the City and its various departments in all respects; to hire all supervisors and department heads without interference or input by the Union; to determine the mission of the City, to promulgate or discontinue policies from time to time, amend policies, and enforce policies, so long as those policies are not in conflict with this Agreement; and to set standards of services for the public, except where expressly and specifically restricted by the provisions of this Agreement.

The City of Mt. Vernon shall provide each employee an updated City of Mt. Vernon Employee Policy Manual.

The City and the Union further agree that the City possesses the sole right and authority to contract out for goods and services provided such actions do not result in a layoff or reduction of hours worked by employees represented by the Union.

ARTICLE 5
SAVINGS CLAUSE

In the event that any of the provisions of this Agreement shall conflict with any state or federal law such provisions shall be deemed to be modified sufficiently in respect to either or both parties to the extent necessary to comply with such laws or regulations and the remaining portion of this Agreement shall remain in full force and effect.

ARTICLE 6
NON-DISCRIMINATION

The City and the Union will continue to support policies of non-discrimination against any employee in wages, hours and conditions of employment because of race, color, religion, sex, national origin, ancestry, age, order of protection status, marital status, physical or mental disability, military status, sexual orientation, pregnancy, or unfavorable discharge from military service, or union affiliation. Masculine pronouns and nouns used in this Agreement shall be construed to mean employees of either sex.

ARTICLE 7
UNIVERSAL EQUIPMENT & LABOR

Tools, machinery, equipment, and labor shall be interchangeable from one department to another with consent of the Department Head without regard to any Union recognition clause in any contract between the City and any other Union representing the City employees.

ARTICLE 8
SENIORITY

Seniority shall be defined as the employee's length of service since their first full start date of hire within the bargaining unit. In the event of layoff or outsourcing, seniority shall prevail and be Citywide within the bargaining units of Laborers Local #1197 and Teamsters Local #50.

Departmental seniority shall be defined as seniority within any of the departments covered by this Union, covered by this Agreement. If an employee bids or otherwise serves in a position in another department through his own choosing and leaves a department into which he was originally hired, or his employment is terminated, he shall, upon returning to the original department or any other department exercising city seniority, be placed at the bottom of his departmental seniority list.

When an employee is transferred other than by his own choosing to another department and is returned for any reason to his original department, he shall retain all of his seniority and be free to exercise the same.

Seniority for all purposes and the employment relationship may be terminated if the employee:

- j. is absent for three (3) consecutive working days without notification to or authorization from the City.

ARTICLE 9

BIDDING PROCEDURES AND QUALIFICATION PERIODS

When a vacancy arises in a classification represented by the Union, the vacancy shall be posted for a period of at least seven (7) calendar days. Employees represented by the Union may bid on a vacancy in the next higher classification by signing the bid sheet on or before the deadline listed on the bid notice. Employees who do not properly sign the bid sheet on or before the deadline may not be considered.

For higher classification, the employee will be blended from his existing pay rate to an equal pay rate in the new classification "or the next higher." He will also receive a five-step rate increase in the new classification. Upon successful completion of his ninety-day qualification period or a period less than ninety-days, if the City determines that the employee has met the qualifications of the new position, the employee will then receive one additional step rate increase in the new classification provided that the total increase in annual wage rate does not exceed \$2,000.00 per classification.

If the employee's "blend" to an equal pay rate in each new classification, or any point on the 5 step increase exceeds an annual wage increase of \$2,000.00, then the employee will be placed in the pay scale of the new classification at the step that would represent a pay increase as close to but without exceeding \$2,000.00 per year. If "blend" to the "Start" step of the new position exceeds \$2,000.00, the employee will be promoted to the new position at the "Start" step.

Upon an employee bidding to a lower classification, the employee will be blended from his existing pay rate to an equal pay rate in the new classification "or the next lower". He will also receive a five-step rate decrease in the new classification. If the employee's "blend" to an equal pay rate in the new classification, or any point on the 5-step decrease exceeds an annual wage decrease of \$2,000.00, then the employee will be placed in the pay scale of the new classification at the step that would represent a pay decrease as close to but without exceeding \$2,000.00 per classification.

The employee with the greatest seniority in the department or division where the vacancy exists (from the employees who properly sign the bid sheet) shall be promoted to the vacancy with the appropriate increase in pay.

If no employee in the department or division where the vacancy exists bids on the vacancy, then the employee with the greatest overall seniority in the bargaining unit shall be promoted to the vacancy with the appropriate increase in pay.

If no employee in the bargaining unit bids on the vacancy, the City Manager shall be free to fill the position from applicants outside the bargaining unit. An applicant so selected shall be considered a new appointment under the terms of this Agreement.

Once an employee has been promoted to a vacancy through the bidding procedure, he/she shall serve a qualification period of a minimum of thirty (30) calendar days up to a maximum of ninety (90) calendar days from the date of their promotion. The purpose of the qualification period shall be to determine the employee's demonstrated ability to fulfill the requirements of the position. If it is determined that the employee cannot fulfill the minimum requirements, he/she shall be returned to their former position with no loss of seniority at their appropriate former salary and the vacancy shall be re-bid according to the procedures described in this section.

The City Manager shall determine the employee's ability to fulfill the requirements of the position. If the employee or the Union disagrees with the determination of the City Manager and the Department Head, they may appeal the determination as described in the grievance procedure.

Newly appointed employees who are within their initial 180-day probationary period may bid for other positions in other departments, provided the position is within the same classification. Upon award and transfer, the employee's 180-day probationary period shall restart on the first day worked in the new department.

Employees on an approved disability leave shall be notified of the vacancy by certified letter. He shall then exercise his seniority rights within the posting period. However, if he is the successful bidder, he will not be promoted to the new position until he comes back to active duty.

If the bid position fills a vacancy caused by another employee being promoted to a higher position and the employee does not qualify for the higher position within the qualification period, the employee shall be returned to their former position and both positions will be re-bid.

Seniority shall be the determining factor for shift preference when two (2) or more shifts are necessary. There shall be a minimum of one (1) full-time employee assigned to each shift.

ARTICLE 10
NEW APPOINTMENTS

The City Manager shall have the sole authority to appoint employees to the City's service and to appoint a new hire to any union job classification, if no member of the bargaining unit qualifies. All new appointments to the City's service shall be based solely upon an individual's qualifications, experience, fitness, and suitability for municipal employment. An individual's qualifications, experience, fitness, and suitability for municipal employment shall be considered for the position to be filled as well as for any position or classification the individual may be eligible to bid upon in the future.

A newly appointed employee may be dismissed without cause during their initial one hundred eighty (180) calendar days of employment and shall have no recourse for appeal under the terms of this Agreement.

Newly appointed full-time employees do not accumulate any paid vacation leave or personal leave benefits until their 180-day probationary period is successfully completed. Once successfully completed, leave balances are calculated from date of hire.

If a temporary employee without a break in service is awarded a permanent position in the bargaining unit, then that employee's 180-day probationary period shall begin on the first date of hire in the new permanent position.

ARTICLE 11
TEMPORARY HELP IN THE BARGAINING UNIT

Temporary help in the bargaining unit shall be classified as either scheduled or unscheduled based on the purpose that the temporary help is brought in to fill. Scheduled temporary employment in the bargaining unit shall not exceed 999 hours in any one consecutive season. Scheduled temporary employment shall not qualify for vacation, holidays, personal leave, or birthday benefits, nor paid sick leave. Scheduled temporary seasonal employees will qualify for the Paid leave for all workers which states: Temporary seasonal employees will accrue leave time based upon the amount of time they work. Employees will accrue one (1) hour of Paid Time Off (PTO) for every forty (40) hours worked. The PTO will be available to the employee for any reason needed after the first sixty (60) days of employment. The employee should give the employer 48 hours' notice that the employee will be taking time off if it is foreseeable. If the leave is not foreseeable, the employee may use it as personal time and take it by letting the supervisor know the morning of, but at least 2 hours prior to the start of the shift. PTO that is not used within twelve (12) months of employment is forfeited. Upon separation from employment, any accrued, but unused PTO that has not been forfeited will be paid out to the employee in the final paycheck. Upon becoming a Bargaining union member, the employee will no longer accrue PTO under this provision and will instead be subject to the leave policies outlined in the collective bargaining agreement.

City uniforms provided will be determined by the City Manager. Temporary help shall be required to provide their safety shoes.

Unscheduled temporary employment shall be established by mutual consent of management and the representative of the bargaining unit in order to fulfill unforeseen laborer shortages. Benefits for unscheduled temporary help shall be the same as outlined for scheduled temporary help.

Temporary employees covered by this agreement and holding a valid Commercial Driver's License shall be paid starting at the beginning laborer rate. They are not subject to any recall provisions.

Temporary employees covered by this agreement without a valid Commercial Driver's License will be paid at 80% of the starting laborer's rate. Starting laborer's rate shall be paid when the temporary laborer obtains a valid Commercial Driver's License. They are not subject to any recall provisions.

If a temporary employee without a break in service is awarded a permanent position in the bargaining unit, then that employee's City seniority benefits shall accrue from his first date of full-time hire, provided there has been no break in service.

As a condition of employment, employees, including temporary help in the bargaining unit must pass the written Illinois Commercial Driver License test within 30 days of employment, obtain a CDL license within 60 days of employment, and must maintain a CDL license while employed.

Temporary help in this bargaining unit does not include seasonal help hired in the Parks and Recreation Department to supervise JTPA and Community Service crews, assist the swimming pool operations and other summer recreation programs.

Temporary employees are not eligible for overtime unless full-time employees within the same Department have declined the overtime. However, if a Temporary employee is working on a job, which requires overtime hours to complete, he can remain on the job and earn overtime after the overtime is offered to the other full-time employees on the same job. Any specific overtime job that requires a reduction in workforce, temporary employees shall be dismissed from that job first.

Before a temporary position is filled by an outside applicant, the temporary position shall be offered to laid-off full-time employees. While in a temporary position, these employees shall receive the rate of pay at the pro-rated step and have bidding rights. These employees shall receive no other City benefits such as leave time, health insurance, and IMRF.

ARTICLE 12

LAYOFFS

The City Manager shall have the sole authority to determine when layoffs are necessary and which classifications are to be vacated. When the City Manager determines that layoffs are necessary, he shall follow the layoff procedures described in this section.

The City Manager shall first determine which classifications in which departments are to be vacated. In the event of the layoff of a permanent full-time employee, a notice of lay-off shall be posted in a conspicuous location for a minimum of thirty (30) calendar days before the lay-off. In the event of vacating a bargaining unit position, which does not result in the lay-off of a full-time employee, the notice shall be posted for a minimum of seven (7) days before the effective date. For temporary or part-time employees, no notice of lay-off is required.

An employee in a classification represented by the Union which is to be vacated, may "bump" another employee in the same department or division, provided he has greater departmental or division seniority and meets the minimum requirements for the position. An employee "bumping" another employee in a different classification represented by the Union shall be placed at the appropriate salary for the new position.

An employee who is "bumped" and cannot "bump" another employee in his own department or division, who is represented by the Union, may "bump" employees in other departments or divisions who are represented by the bargaining unit, provided he has greater seniority in the bargaining unit.

An employee who cannot "bump" another employee shall be laid off without pay and without benefits.

If an opening arises within the bargaining unit while employee(s) are on layoff, the employee with the greatest seniority within the bargaining unit shall be recalled by registered letter.

An employee on layoff who is called back to work and refuses, for whatever reason, to return to work shall be considered to have resigned. An employee who is recalled within three (3) years of his layoff shall receive credit for his previously earned seniority upon his return to work.

If necessary, in order to prevent further employee layoffs, the City and the Union agree to review the implementation of a four-day week.

The representative of the Bargaining Unit may meet with the City Manager to discuss the rationale for the layoff; however, any discussion shall be nonbinding.

In the event the City sells Water and Sewer assets, purchaser agrees to pay 100% of Vacation and Sick Time to employees displaced by the sale.

ARTICLE 13

RESIGNATIONS

In order to resign in good standing, employees must submit a written, fourteen (14) calendar day notice of resignation to their Department Head. The day the notice is presented to the Department Head shall be considered the first day of the notice of resignation.

ARTICLE 14
DISCIPLINE

Employees shall only be disciplined for just cause.

Disciplinary action may be in the form of oral reprimand, written reprimand, suspension from duty without pay, or dismissal.

Oral and written reprimands may be issued by any Department Head, but suspensions without pay and dismissals must be approved by the City Manager before becoming effective. The employee shall be given a copy of any written reprimand, suspensions without pay or dismissal at the time disciplinary action is administered and a copy shall also be sent to the Union.

Employees may appeal disciplinary actions according to the grievance procedure provided in this Agreement.

ARTICLE 15
GRIEVANCES

A grievance shall be defined as a dispute or difference of opinion raised by an employee or a group of employees (with regard to a single common issue) covered by this Agreement against the City involving as to him or them the meaning, interpretation, or application of the provisions of this Agreement. The Union Business Manager or his representative shall represent employees filing a grievance under the terms of this section.

Supervisors shall make reasonable efforts to respond to an employee grievance at the earliest possible time without major disruption of daily work activities. Meetings held between employees and supervisors with regard to a grievance shall be scheduled in advance whenever possible. Union Stewards shall be authorized to investigate grievances during working hours provided they inform their supervisor.

The grievance procedure shall consist of three (3) steps as described hereinafter:

Step One:

Employee(s) who have a grievance shall file it in written form, with their Department Head within ten (10) days of the event or occurrence which precipitated the grievance. In filing their grievance, the employee shall state the nature of the grievance as well as the relief desired.

The Department Head shall evaluate the grievance based on available facts and render a written decision within ten (10) calendar days of the date the grievance was filed.

Step Two:

Employee(s) may appeal the decision of their Department Head by filing a written appeal with the City Manager within ten (10) calendar days of the date of their department head's decision. The employee shall state the nature of the appeal and the relief desired.

The City Manager shall evaluate the appeal based on available facts and render a decision within ten (10) days of the date the appeal was filed.

Step Three:

Employee(s) may appeal the decision of the City Manager to binding arbitration by filing a written notice with the City Manager within thirty (30) days of the City Manager's decision.

Once a grievance has been appealed to binding arbitration, the City and the Union shall request a list of nominees for arbitration from the Public Employee's Mediation Roster. When the list is received, a mediator shall be selected by the Union and the City by alternately striking one name each until one nominee remains with the Union striking the first name. The remaining nominee shall serve as the mediator.

The mediator shall be notified of his selection by a joint letter from the City and the Union requesting that he set a time and place for a hearing, subject to the availability of the City and the Union. All arbitration hearings shall be held in the City of Mt. Vernon.

The mediator shall act in a judicial, not legislative capacity and shall have no right or authority to amend, modify, nullify, ignore, add to, or subtract from the provisions of this Agreement. The mediator shall only consider and make a decision with respect to the specific issue submitted and shall have no authority to make a decision on any other issue not so submitted to them.

In the event the mediator finds a violation of the terms of this Agreement, he shall determine an appropriate remedy.

The mediator shall submit, in writing, his decision within thirty (30) calendar days following the close of the hearing or the submission of briefs by the parties, whichever is later, unless the parties agree to a written extension. The mediator's decision shall be based solely upon his interpretation of the meaning or application of the express terms of this Agreement to the facts of the grievance presented. The mediator's decision shall be final and binding upon the City and the Union.

Expenses for the mediator's services and the proceedings shall be shared equally by the City and the Union. The City and the Union shall be responsible for compensating its own representatives, attorneys, and witnesses. If either the City or the Union desires a verbatim record of the proceedings, it may cause such a record to be made provided it pays for the record. If the other party desires a copy of the proceedings, it agrees to pay half of the cost of preparing the record as well as all of the costs of making a copy.

The time limits for filing and appealing a grievance may be extended by mutual consent of the City and the Union. In the event a grievance or appeal is not filed in a timely manner and no mutual extension of the deadline was agreed upon, the grievance or appeal shall be considered waived. In the event, a grievance or appeal is not determined by the appropriate supervisor within the time limit and no mutual extension of the deadline has been agreed upon, the grievance or appeal shall be referred to the next step automatically.

**ARTICLE 16,
PENSIONS**

The only pension available to employees represented by the Union shall be the Illinois Municipal Retirement Fund. The costs and contributions to IMRF shall be as provided in State Statutes.

The City shall provide each employee with a clean uniform per day. Department Heads will advise employees of uniform requirements and the procedures for the issue and return of the uniforms. Uniforms shall be returned to the City when an employee ends their employment. If the uniforms are not returned, the cost of the uniforms shall be deducted from their final payroll check.

City supplied rain gear, safety vests, ice cleats etc. shall be returned to the City when an employee ends their employment or the cost of the items shall be deducted from their final payroll check.

The failure of any insurance carrier(s) or plan administrator(s) to provide any benefit for which it has contracted or is obligated shall result in no liability to the City, nor shall such failure be considered a breach by the City of any obligation undertaken under this or any other Agreement. However, nothing in this Agreement shall be construed to relieve any insurance carrier(s) or plan administrator(s) from any liability it may have to the City, employee, or beneficiary of any employee.

Health Insurance for Retirees

To be entitled, employees shall be eligible to receive Illinois Municipal Retirement Fund (IMRF) retirement or disability (temporary or permanent) pension benefits or complete twenty (20) years of service with the City. The employees may be eligible to continue their dependent health insurance benefits provided they pay the cost of their dependent premiums. The City reserves the right to implement a plan that would require employees receiving retirement and disability pension benefits to pay a portion of the cost for individual group health, hospitalization, and life insurance so long as it is implemented Citywide to eligible retired and disabled employees.

Employees hired after May 1, 1987 will not receive this benefit. Employees not eligible for the continuation of City paid insurance have an option of continuing on the group health insurance plan as provided by the Consolidated Omnibus Budget Reconciliation Act (COBRA), with payment of the insurance premiums being the responsibility of the individual.

The City may be required to continue health insurance coverage (cost paid by the employee) for other retiring, terminating, or disabled employees as required by Federal or State Legislation.

- (b) **Coverage** The City, in its discretion, will determine and select the medical plan(s), coverages, and benefits to be offered to current and future retirees and disabled employee, and reserves the right to change or offer alternative insurance carriers or health maintenance organizations, or to self-insure, and to change any coverages, benefits, co-pays, and deductibles, as it deems appropriate, so long as the new plans, coverages and benefits are implemented to all eligible retired and disabled employees covered under the plans.

- (c) **Cost.** Currently, the City pays one hundred percent (100%) of the cost of eligible retired and disabled employee's individual group health, hospitalization, and life insurance. In the event of future increases in the premium cost for employee's individual group health, hospitalization insurance, retired and disabled employees may be required to share in the cost of individual coverage provided that all eligible retired and disabled employees pay the same share of premiums.

The City pays zero percent (0%) of the cost of dependent family coverage above the cost of individual coverage, and the retired or disabled employee pays one hundred percent (100%) of the cost of dependent family coverage.

- (d) **Cost Containment.** The City reserves the right to institute cost containment measures relative to insurance. Such changes may include, but are not limited to, increased deductibles, co-pays, and out of pocket maximums, reduced lifetime caps, coverage limitations, mandatory second opinions for elective surgery, preadmission and continuing admission review, preferred provider provisions, prohibition on weekend admissions except in emergency situations, and mandatory out-patient elective surgery for certain designated surgical procedures. Any cost containment measures shall be implemented Citywide to eligible retired and disabled employees.

ARTICLE 19 **HOURS OF WORK**

- (a) **Schedule** Full time employees represented by the Union will have a normal work schedule consisting of forty (40) hours per week according to the staffing schedule established by the Department Head. Work schedules as determined by the Department Head shall reflect the staffing requirements of the Department or Division, and the regular workdays, non-workdays, and employee assignments for each employee. Such schedules shall be posted in a conspicuous location. Department Heads have the ability to switch the employees work shift to staff their department when other departmental employees have scheduled time off. If an employee is called in to fill a shift caused by an unscheduled time off or training, the employee shall receive overtime or compensatory time. Seniority shall be the determining factor for shift preference when two (2) or more shifts are necessary. There shall be a minimum of one (1) full-time employee assigned to each shift
- (b) **Regular Hours of Work** The hours each employee is scheduled to work as determined by the Department Head shall constitute each employee's regular work hours. Except for employees on two shift operations, the regular workweek shall be Monday through Friday and regular work hours shall be 7:00 a.m. until 4:00 p.m. with a one (1) hour unpaid lunch period normally taken between 12:00 noon and 1:00.
- (c) **Lunches and Breaks** Employees working a regular schedule of eight (8) hours per day are entitled to a one (1) hour unpaid lunch period to be taken during the middle of the workday, depending on operational practicalities. In addition to the lunch period, for employees working a regular schedule of eight (8) hours per day with a one (1) hour lunch period, the employees shall have one (1) paid 15-minute break in the first half of the work day and a second paid 15-minute break in the second half of the work day. Lunch and break schedules will be determined by the Department Head, but shall not be cumulative, combined, nor taken at the start or end of the workday.

Employees may be permitted to work a regular schedule of eight (8) hours per day without a one (1) hour scheduled lunch period, if consistent with operational needs and approved by the Department Head. Employees on such a schedule will be permitted one (1) paid 20-minute break at the middle of the workday, depending on operational practicalities. The Department Head shall determine such break. The 20-minute break shall not be cumulative, combined, not taken at the start or end of the workday.

- (d) **Overtime Assignments** Overtime opportunities and assignments shall be divided as equitably as possible between employees of the Department in accordance with the guidelines and policies of the Department. In the event an employee shows that overtime opportunities or assignments have not been shared equitably, the remedy shall be for opportunities to be offered or assignments to be made in such a manner as to correct the imbalance.

Employees are responsible for providing information to Department Heads as to who and how long an employee worked overtime. Management is not responsible for errors and Employees waive the right to file a grievance (no time-slipping). The City will correct overtime-scheduling errors by allowing the employee to make up any missed overtime hours in the future overtime opportunities.

No employee shall be required to work in excess of sixteen (16) consecutive hours without receiving eight (8) hours rest, except in the event of a declared emergency announced by the City Manager and an individual assessment by the City Manager or Department Head that the employee may work safely.

Employees are called by the order on the call-out list. If there is no immediate answer, then the next employee on the list is called. Employees are allowed 10 minutes to answer a page, beeper, or message on answering machine before being deemed refusing overtime call-outs. The first person contacted will have first opportunity to work overtime. Employees are responsible for informing their department head of the best possible means of receiving their notification of call-outs. It is at the employee's option and cost to have phones, beepers, or cellular service.

If an employee refuses overtime call-out, directly or by failing to answer the phone or beeper call or requests to leave before the job is complete, the employee will have their name placed on the bottom of the list. The overtime hours refused will be added to the actual overtime hours worked to determine total overtime hours credited to that employee and the employee will be placed on the bottom of the call-out list.

Employees shall not be paid for any time for which they have been relieved from duty or other time not actually worked, except for regular hours, which fall within a rest period established by their Department Head. During such rest period, employees are required to the extent permitted by law, to remain at their residence resting since the employee may be subject to being called out again on the same day.

Temporary employees are not eligible for overtime unless full-time employees within the same Department have declined the overtime. However, if a Temporary employee is working on a job, which requires overtime hours to complete, he can remain on the job and earn overtime

after the overtime is offered to the other full-time employees on the same job. Any specific overtime job that requires a reduction in workforce, temporary employees shall be dismissed from that job first.

(e) **Overtime Pay** Except as otherwise provided below, employees shall be paid at a rate of one and one-half (1-1/2) times their regular straight time hourly rate of pay for each overtime hour worked outside or beyond their regular hours of work in a work day or in excess of forty (40) hours in a calendar week (or other seven (7) day work period established by the Department Head). Overtime pay shall be received in fifteen (15) minute segments as provided by the Fair Labor Standards Act.

(f) **Call Back Pay** A call back is defined as a work assignment, which does not immediately precede or follow an employee's regularly scheduled working hours. An employee called back to work after having left work shall be paid at the rate of time and one-half for such hours, with a minimum of two (2) hours pay, unless the employee is called back to rectify his own error. Overtime worked immediately prior to or following a scheduled shift and which runs consecutively with that shift, shall not be subject to the minimum, and shall be paid for actual time worked.

If an employee on call back is not required to work the full two (2) hours for which pay is guaranteed, but is then recalled again during the same two (2) hours, he shall not be entitled to the additional guaranteed minimum of two (2) hours pay. Rather, the two callbacks will be considered a single call back. Employees on callback must be willing and able to work the full 2-hour guaranteed period, and if refused, then the employee shall receive pay only for actual time worked. This provision shall be administered within reason to avoid both forfeitures and unjust rewards.

(g) **Sunday and Holiday Work** Employees shall be paid at a rate of double the employee's hourly rate of pay for all time worked on Sundays, unless the time worked is part of the employee's regular hours of work. Employees shall be paid at a rate of double the employee's hourly rate of pay for time worked on holidays in addition to holiday pay, unless the time worked is part of the employee's regular hours of work.

Employees working Saturday and Sunday as part of their regular shift shall be compensated for working their regular days off at time and one half for the first day (instead of Saturday) and double time for the second day (instead of Sunday)

(h) **Compensatory Time** In situations where the Department Head determines it to be in the best interests of the City and it is mutually agreed with the affected employee, the City shall grant compensatory time off in lieu of overtime payment at the applicable rate. The employee can earn no more than 40 hours in a fiscal year.

Compensatory time-off shall be taken at such times and in such time blocks as are established or agreed to by the Department Head or his designee.

The City, in its discretion, may pay an employee on the last regularly scheduled payroll in December for any and all accrued and unused compensatory time. The employee's compensatory time reserve will be reduced by one hour for each hour paid.

- (i) **Meals.** Employees who must work an unscheduled overtime period of 4-hours or more in duration shall agree that the established practice of providing breakfast and supper meals will continue. Meals may also be provided in other circumstances at the Department Head's discretion. The Department Head and the Union Steward will discuss for resolution the appropriateness of a meal whenever there is a disagreement to the same. Time to consume meal shall not be compensated time. The employee shall punch out and punch in on the time clock to determine the uncompensated time. The City shall reimburse the employee up to \$15.00 per meal.

ARTICLE 20
ATTENDANCE

No employee shall absent himself from work without proper notification to his/her supervisor without just cause before the beginning of the workday. Department Heads shall conspicuously post the name and contact number of the person to notify in case of absences.

An employee must use accrued leave time (personal, vacation, birthday, sick, or compensatory) before he uses unpaid leave time.

ARTICLE 21

If the employee desires to receive the additional 8 hours pay at straight time, the employee shall notify his Department Head within the current or the next payroll period that the holiday occurred. If the employee desires day off, Department Heads shall approve or deny the day off request within 48 hours of the employee's written request. If a holiday occurs during an employee's vacation, he shall receive an additional day of vacation.

An employee may use his birthday as a floating holiday with the advance approval of his/her Department Head. If an employee leaves City service, before their actual date of birth, the employee will not be paid for this day. If the employee has previously taken the birthday as a floating holiday, then the employee shall reimburse the City for the time taken.

*At the Department Head's discretion, employees will either be given the full day off on Christmas Eve or New Year's Eve and any overtime worked on the Eves would be paid at 1.5 times instead of the holiday rate of 2 times no matter if the employee was scheduled to work on that day or had the day off.

ARTICLE 22 **SICK LEAVE**

Employees shall receive one (1) sick day per complete month, with a maximum accumulation of one hundred and twenty-five (125) days. Employees on authorized leave will earn sick leave, if they are in attendance at least one day during the calendar month for which the sick leave is earned. No sick leave shall be earned during periods of leave of absence.

In addition, if an employee does not use sick leave during the calendar year and after the applicable maximum number of 125 sick leave days have been accumulated; one additional eight-hour day will be added to the maximum sick leave bank for the next calendar year. In order for an employee to receive this benefit, no sick leave can be used during the calendar year.

Upon retirement or in the event of death, while still an employee in good standing, an employee shall be compensated for one-half (1/2) of their unused accumulated sick leave. Normal retirement occurs when an employee is able to immediately draw pension benefits from a City-sponsored fund.

(a) Sick leave may be used for the following reasons:

1. Personal illness of, or physical incapacity, resulting from causes beyond the employee's control. (See exception in Paragraph "I" of this Section)
2. Illness of an employee of the employee's household that requires the employee's personal care and attention.
3. To care for the employee's legal spouse, legal civil union partner, children, parent, or parent in-law who has a serious health condition.
4. To care for the employee's child after birth, or placement for adoption or foster care.
5. To keep a doctor or dentist appointment.

(b) The City recognizes the provisions and requirements of the Family and Medical Leave Act of 1993 and future revisions and updates to the Act. The City reserves the right to implement the Family and Medical Leave Act consistent with the law and to promulgate administrative policies and procedures. Employees are eligible if they have worked for the City for at least one (1) year and meet other requirements. Eligible employees are entitled to up to 12 (twelve) weeks of unpaid, job-protected leave for certain family and medical reasons. The twelve-month period is measured backward from the date an employee uses any FMLA leave. Thus, each time an employee takes FMLA leave, the remaining leave entitlement would be any balance of the twelve weeks not used during the immediately preceding twelve months. Employees on approved FMLA leave will be required to exhaust all accrued sick leave, personal leave, vacation leave, and compensatory leave before being eligible for unpaid leave. Sick leave will be exhausted first, unless the employee requests in writing that other leave be used. The sick leave, personal leave, vacation leave, and compensatory leave used will be counted as part of the 12 weeks of FMLA leave eligible to an employee.

All provisions herein shall be subject to and administered as provided within the Family and Medical Leave Act, 29 USC 2601 et seq.

(c) Abuse of sick leave is a serious matter. Fraudulent use of sick leave or falsification of any verification of illness shall be just cause for discipline, up to and including discharge. Sick employees are required to remain at home unless hospitalized, visiting their doctor, or acting pursuant to reasonable instruction

for care. Upon sufficient evidence of the abuse of sick leave, the employee shall not be paid for such leave taken nor shall the employee accrue any rights such as seniority or other rights. Sufficient evidence of abuse shall be presumed if the employee is found not to be home, not acting according to a physician's care instructions, or the employee cannot establish that he has sought medical treatment. "Abuse" of sick leave shall subject the employee to disciplinary action pursuant to the terms of this Agreement. All employees agree to cooperate fully with the Department in verifying illness. The Employer and Union agree that sick leave abuse is a very serious offense, and the parties further agree that it is in the interest of the Union and the Employer that the Employer use all reasonable means to ascertain and effectively deal with sick leave abuse.

(d) An employee utilizing sick leave shall notify their immediate supervisor of such absence and the general reason for the leave as soon as practicable, but no later than one (1) hour after the start of their scheduled workday, unless circumstances beyond the employee's control prevent such timely notification. In emergency situations, an employee shall not be subject to disciplinary action for failure to provide timely notice; however, the Employer may require reasonable documentation verifying the emergency. Failure to do so may be cause for denial of sick leave with pay for the period of absence.

- (d) An employee receiving sick leave with pay who simultaneously receives compensation under the provision of the Workers' Compensation Act shall receive only that portion of the regular salary, which will together with said compensation, equal his regular salary. The employee will be charged at their rate of pay per hour, rounded to the nearest half hour, of any available leave time for each day off the job on Workers' Compensation, when the City pays the difference between Workers' Compensation and their regular salary. For periods of time off of the job, which Workers' Compensation does not pay benefits (i.e. doctor's appointments, waiting periods), the employee can choose to have the time off without pay or use paid sick leave or other paid accrued leave time.

The City will cover employees receiving worker compensation benefits under the City's health insurance plan for an additional sixty (60) days after the employee has exhausted his FMLA benefits and is no longer receiving a City payroll check for the any available leave time charged each day off the job while on Workers' Compensation.

- (e) The City will not normally require a medical certificate for absences of less than three (3) days except in the cases of suspected abuse. Medical diagnosis is only required if the condition is job-related and is expected to reveal that the employee is unable to perform the essential job duties or is a danger to workplace safety.
- (f) An employee who is laid off from his position for reasons that are not the fault of the employee may, if reappointed within 12 (twelve) months, has available for use, any unused sick leave existing at the time of lay-off. When an employee is transferred to another position, any unused sick leave, which may have accumulated to their credit, shall continue to be available for use as necessary.
- (g) An employee shall not be entitled to any compensation for accrued sick leave at the termination of employment except upon retirement or in case of death.
- (h) Sick leave benefits shall not be used, if the injury or illness occurred while the employee was performing compensated service outside of employment with the City, without the prior approval of the City Manager or his designee.
- (i) An employee, who is absent from duty because of illness or injury, shall not be employed by employers other than the City (including self-employment) while the employee is using sick leave benefits, without the prior approval of the City Manager or his designee.

Funeral Leave may be extended at the discretion of the City Manager on a case-by-case basis and under the terms and conditions prescribed, including requiring the use of accumulated vacation days, personal days, and/or sick leave days.

Funeral leave is designed to provide employees with paid time away from work to grieve and to handle matters related to a death in their family. The three days afforded to employees normally run between the date of death to and including the date of ceremony. The policy does not automatically provide an employee with 3 days off the job. (b) Definitions As used in this Section regarding Drug and Alcohol Use.

"Drugs" shall mean any substance the use or possession of which is prohibited under federal or state law regulating drugs, narcotics, controlled substances, and the like. It also includes any legal drug or substance which can pose a significant risk to the safety of the employee or others including both prescription and nonprescription drugs when used by an employee without proper authorization required by law or in a manner in which such use may affect the safety of the employee, his or her co-workers, members of the public or others. Without limiting the foregoing, "drugs" as used herein includes: marijuana, hashish, amphetamines, methamphetamine, cocaine, crack, barbiturates, methaqualones, benzodiazepines and other tranquilizers, LSD, phencyclidine (PCP), and other hallucinogens, methadone, propoxyphene, and opiates such as heroin, codeine, and morphine.

"Under the Influence" for the purpose of this Policy means that an employee is affected by a drug or alcohol or some combination thereof in any detectable and/or observable manner.

"Legal drugs" means prescribed drugs, over-the-counter drugs, and other substances, which have been legally obtained and are being used only for the purpose for which they were prescribed or manufactured, and only by the individual for whom they were prescribed.

- (c) **Searches** City may conduct searches for drugs or alcohol at any time or place (place meaning the City or work site property in the normal workplace geographic area) where this policy applies when there is reasonable suspicion to suspect that drugs or alcohol are present. Searches may include an employee's personal property including, but not limited to, the employee's clothing, lunchbox, cooler, purse, parcels and similar items as well as an employee's desk or locker. These searches will be subject to the grievance procedure.
- (d) **Reasonable Suspicion** If the action, appearance, conduct or physical evidence of or associated with an employee indicates drug usage, as verified by a trained supervisor, the employee will be required to immediately undergo drug screening. The City will train the local Union steward to provide the knowledge to observe said behavior/evidence and will use this person, whenever possible, to verify the requirement of immediate drug screening. In either event, the supervisor will have been trained in the detection of probable drug usage by observation of a person's behavior and will be required to document, in writing, his observations. The documentation by the supervisor will be prepared within 24 hours, or before release of the test results, whichever event occurs first. The employee under suspicion will be offered an opportunity to give an explanation of his/her condition (if present and conscious). The Union steward shall report directly to the City Manager if the employee under suspicion is a management employee. If reasonably available, another employee of his/her choice may be present during such explanation and, if present, shall be entitled to confer privately with the employee. Only the City's supervisor may authorize an employee search or test.
- (e) **Reporting Use of Legal Drugs** An employee who has reason to believe that the use of a legal drug may present a safety risk to himself/herself or others or may have a significant adverse effect on his/her efficiency must report the use of such drug to the City in writing. Any employee who has reported the use of such a drug or substance to his/her supervisor in writing and who is thereafter permitted to work or operate equipment at times when the supervisor knows he has taken such drugs shall not be disciplined under this policy for such use. In appropriate cases when there is substantial, unavoidable risk of harm by him/her or others, the City may require the employee to take a leave of absence, or to be transferred to another operation where there would be less risk of injury.

Prior to performing a drug test, the testing facility will offer the employee an opportunity to discuss all medication or drugs which may affect test results with the Medical Review Officer, or MRO. The employee's failure to discuss all such substances fully and accurately will be considered a failure to cooperate and report use when required to do so, and may be grounds for discipline/discharge, subject to the grievance procedure. Furthermore, the employee may be required to substantiate each such claim, and the employee may not be given a further opportunity to explain a positive result caused by his failure to include all substances as discussed with the MRO. To the extent feasible in the administration of this policy, the testing facility will keep the information listed confidential. Only the MRO reports the result to the City.

- (f) **Drug and Alcohol Testing** The City may require a blood test, breathalyzer, urinalysis, or other drug/alcohol test of any employee whom the City reasonably suspects of using or being under the influence of a drug or alcohol in such a manner as to affect his/her work or performance in any manner. The City may at its discretion randomly test 25% of the employees per fiscal year. Selection for the employees to be tested will be as follows: The names of the employees shall be listed alphabetically and shall be numbered consecutively commencing with the number one (1). A number shall be placed in a container representing each number assigned to each employee. After the numbers are placed in the container, they shall be drawn one at a time from the container after they have been thoroughly shaken

and mixed. The employee corresponding to the first number drawn shall be the first employee tested. The City of Mt. Vernon will determine the number of employees to be tested up to the maximum of 25% of the employees per fiscal year. A union representative and the City Manager or his designee shall be present at the selection of employee to be tested.

Employees who are called into work after hours have the right of refusal of overtime if they feel that they are incapacitated or impaired due to influence of drugs or alcohol. It is the employees' responsibility to notify their Department Head of their reason for refusing overtime. Employees would retain their position on the overtime call out list if they disclose the reason for refusal. If the employee reports to work under the influence of drugs or alcohol, the employee would be subject to drug testing as outlined in this section.

Employees who are injured on the job which involves medical treatment; has an incident in which another person is injured which involves medical treatment; involved in an incident that results in damage estimated by their Department Head, at the accident scene, to be over \$500.00 to City vehicle or equipment; and/or to any damage to the general public's property shall immediately submit to drug testing.

An alcohol test which reveals a concentration of 0.05% (50 mg/dl) of alcohol in the employee's blood stream will be considered conclusive evidence that the employee was "under the influence" of alcohol within the meaning of this drug-free workplace policy. Evidence of a lesser concentration of alcohol may also be considered along with other evidence indicating impairment in any degree. The testing laboratory shall be certified to perform tests under the Mandatory Guidelines for Federal Workplace Testing Programs in effect at that time (hereinafter called "Guidelines").

Positive drug test cut-off levels shall be established by the Department of Health and Human Services (HHS) and published in the guidelines entitled "Mandatory Guidelines for Federal Workplace Drug Testing Programs". Test levels are subject to change by the Department of Health and Human Services as advances in technology or considerations warrant identification of substances at other concentrations.

In-house breathalyzer and drug screens may be administered for the preliminary screening of post-accident tests. The Department Head or his designee will conduct the in-house tests. A Union Steward shall be present for in-house test. If the test results are positive for drugs or alcohol, then the employee will go to a medical clinic or lab for certified post-accident testing. If the test results are negative for drugs or alcohol, no further tests will be administered unless there is reasonable suspicion for a certified test. No employment decision made solely on the in-house test. (PBT – Portable Breath Tests & over the counter 12 to 14 panel drug tests)

Each step in the certified laboratory collecting and processing of the urine specimens shall be documented to establish procedural integrity and the chain of custody and shall remain independent of the City. Where a positive result is confirmed, urine specimens shall be maintained in secured, refrigerated storage for a 72-hour period after the employee is notified of the results.

If an employee is scheduled for a drug or alcohol test during his/her regularly scheduled work shift, the City will pay the employee for time lost from such scheduled work for that day, provided the employee's test results are negative and the employee was not otherwise subject to disciplinary suspension at that time.

- (g) **Sample Collection Requirements** A urine or blood collection site can be a doctor's office, a clinic, or any other suitable location established by the collecting facility. The laboratory utilized to analyze the specimen must be certified and licensed to perform test. The City will utilize a testing facility of their

choice for the purposes of collecting the necessary samples and performing the necessary test procedures.

Generally, the employee will have a right to produce the sample in private, without being observed. The only exception is when the collection person has a particular reason to believe the employee may alter or substitute the urine sample; if they see clear signs of tampering, if the temperature of the urine is off; and/or where the last urine test was abnormally dilute. If the employee is being observed, the person must be of the same sex.

There is a two-step testing procedure. The first test, or screening test, is called an immunoassay. The most common form of this test is called an "EMIT" test. The levels for a positive finding are higher; however, this result is not communicated to the City. Rather the sample is then screened through a second confirmatory test.

If the EMIT or initial screening test is negative, that is the end. It is reported as negative. If the EMIT or initial screening test is positive for one or more drugs/alcohol, the next step is a highly accurate test called the gas chromatography/mass spectrometry - GS/MS for short.

If this test is negative, the whole test is reported to the City as negative. If it is positive, the next step is that the test results and procedures are reviewed by the Medical Review Officer.

The Medical Review Officer, or MRO, is a doctor who is knowledgeable about drug abuse. All lab test results - positive or negative - go through the MRO.

It is the MRO's job to look at every "positive" report from the lab, to talk with the employee, and to determine whether or not there is another explanation for the positive result. If the MRO finds a legitimate explanation, such as medicine use, the MRO will report the test results to the employer as "negative".

If the employee is convinced that the first lab test was wrong, the employee may ask the Medical Review Officer to have the original sample retested by a different NIDA-certified lab. The second sample must have been provided by the employee at the same time as the original sample.

The request for retesting must be made within 72 hours after the employee was told about the positive test. Further, the employee must prepay all costs of the second test and if the result is negative, the employee will be deemed to have had a negative test result, will not be required to comply with the EAP program. If the second test results are positive, the MRO will report this result to the Employer and the employee will be disciplined in accordance with this Policy.

- (h) **Disciplinary Action** Violation of any of the prohibited conduct provisions of this Drug-Free Workplace Policy may result in disciplinary action, including mandatory rehabilitation, suspension, and in some cases up to and including discharge, subject to the grievance procedure. Any employee who is participating in a drug and/or alcohol dependency treatment program, either under the City's Employee Assistance Program (EAP) or otherwise, may be required to undergo periodic drug/alcohol testing at any time at the sole discretion of management during the treatment period and for up to two (2) years following completion of any chemical dependency treatment program. Failure to continue in any follow-up treatment program such as attendance at an Alcoholics Anonymous support group or similar type of follow-up treatment as recommended by the treatment program or failure to permit such follow-up periodic testing shall be grounds for immediate discharge provided that such conditions have been clearly spelled out in writing and signed by the employee as a condition of his/her continued employment. (A copy of any such conditions shall be furnished to any bargaining unit employee's steward and to the Union.)

Any employee who has successfully gone through treatment under an EAP or treatment program while employed by the Company or within a total of five (5) years prior to his/her initial employment and who subsequently tests positive, either through periodic or reasonable suspicion testing, may be terminated.
