

TO: The Honorable Mayor and Members of the City Council

FROM: Mary Ellen Bechtel, City Manager  
Merle A. Hollmann, Director of Finance

DATE: April 16, 2018

RE: Fiscal Year 2018-2019 Budget

Attached is the proposed fiscal year 2018-2019 budget for your consideration. We prepare a budget for all our funds except the Police and Firefighters' Pension Funds. Our total City-wide budgeted expenditures for the fiscal year ending April 30, 2019 are \$48,062,761.

#### GENERAL FUNDS BUDGETARY HIGHLIGHTS:

The General Funds are made up of the General Corporate Fund and the Aquatic Zoo Fund. Together, they comprise the major operating fund of the City. We have separated the Aquatic Zoo Fund from the General Corporate Fund to more easily track its operating results and account for its accumulated surplus. The General Corporate working fund balance for Operations projected at April 30, 2019 in this fund is \$3,328,703, with total expenditures for Operations projected at \$13,690,747. We have proposed a deficit in operations of \$69,798 in the General Corporate Fund for the year ended April 30, 2019. After this deficit, we expect to have 2.8 months' worth of operating expenditures in our operating working fund balance.

We have estimated our 1% State Sales Tax and our 1% Home Rule Sales Tax for 2018-2019 to be the same as the projected amounts for 2017-2018, with an additional amount planned from the new Menard's store expected to be open in the early part of our fiscal year. Sales Tax revenue is projected to be down for 2017-2018 1.4% from the previous year and Home Rule Tax down 1.6%. We are estimating that they will plateau at these lower levels.

Starting in the fall of 2017, we raised the price of liquor licenses and video gaming licenses. We also increased our property taxes 4.99% from the previous year.

All City departments were required to freeze their 2018-2019 operating budgets, exclusive of payroll, from their 2017-2018 operating budgets.

During 2017-2018, we re-hired three of the seven previously laid-off full-time laborer positions and only budgeted for four part-time non-union positions. During 2017-2018, the City restructured the street maintenance, public utilities and parks departments, combining those departments and reduced our total payroll. The accounting for assets, liabilities, fund balances, revenues and expenditures is still separated.

As discussed more completely below, our health insurance rates were not increased on January 1, 2018 after substantial increases the two previous years. We have also budgeted for no increase on January 1, 2019.

General Corporate's repayment for labor and equipment from the Motor Fuel Tax Fund was budgeted for \$142,500 for 2017-2018 but was reduced to \$0 for that year and for 2018-2019 also. We hope to be able to continue this "no charge" in the future.

Our six unions' contracts will end on April 30, 2018, with the Firefighters' union recently agreeing to a new four-year contract with a 1% longevity raise and an additional 1.75% raise. We have assumed this same raise for our other unions and for our non-union employees.

The City has agreed to contract out the management of the Aquatic Zoo for the 2018 season. The Aquatic Zoo Fund is projected to have a working fund balance of \$199,809 at April 30, 2019 and show an operating surplus for the 2018-2019 year of \$1,773. 2018-2019 will be the fifth season of operations.

#### SPECIAL REVENUE FUNDS BUDGETARY HIGHLIGHTS:

The City has eleven "Special Revenue Funds" whose revenues are earmarked for specific purposes and are not to be used for general operating purposes.

Included in this class of funds is the Quality of Life/Economic Development Fund, which accounts for the ½% Home Rule Sales Tax started on July 1, 2012 and a portion of the 2012 General Obligation Bonds issued in October 2012. This fund is limited to expenditures that improve the quality of life of our citizens or provide economic development to our City. Approximately 55% of the 2012 General Obligation Bonds have been allocated to this fund. We are projecting a total working fund balance at April 30, 2019, of \$(1,448,693) in this fund, which includes a negative restricted fund balance of \$(2,399,899) for the 2012 Bonds. We intend to transfer funds from the positive fund balance in the General Corporate Capital Projects Fund restricted fund balance for the 2012 Bonds to compensate for this negative balance.

General Corporate Capital Projects Fund is another Special Revenue Fund, created on May 1, 2012 to account for the 1% Food and Beverage Tax, 2 cents per gallon Diesel Fuel Tax, and the additional 1% Telecommunications Tax which have been restricted by the City Council to be used to finance capital and infrastructure expenditures and related debt service expenses. These restricted funds are used to pay the debt service on a portion of the 2010 and 2012 bonds and other loan debt service expenditures and are projected to have a working fund balance of \$86,732 at April 30, 2019. The General Corporate Fund will transfer approximately \$592,000 to this fund in fiscal year 2017-2018. This money will be used in 2018-2019 for capital expenditures and to fund a previous negative balance in this restricted account. Also, the spend down of portions of the 2012 bond proceeds are accounted for in this fund. In the Capital Projects Fund, we are proposing to spend \$1.570 million for capital and infrastructure expenditures and related debt service expenses during 2018-2019. The City issued \$35,555,000 in general obligation bonds in October 2012, of which approximately 35% was allocated to the Capital Projects Fund with the remaining proceeds allocated to Quality of Life Fund and the Public Utilities Fund. We are projecting a working fund balance at April 30, 2019 of \$2,690,537 in this fund, which includes funds from the 2012 Bond issue that will be transferred to the Quality of Life Fund for the 2012 Bond deficit in that fund.

A new Special Revenue Fund, the Home Rule Sales Tax Fund, was created during 2017-2018 to account for the new 1% Home Rule Sales Tax that started on January 1, 2018. The City Council restricted the use of this fund to expenses incurred for capital construction projects for the Public Utility Department, capital equipment purchases for all City Departments, capital expenditures for road construction or road maintenance, early retirement of existing indebtedness and nuisance abatement expenditures including demolition of dangerous and dilapidated structures. The working fund balance in this fund is projected to be \$1,206,267 at April 30, 2018. \$1,200,000 of this balance is intended to be used for early retirement of several maturities of the 2012 bonds that have a call date of 12/15/2020.

Another Special Revenue Fund, the Revolving Loan Fund, will be closed out in April 2018. The remaining balance of the six outstanding Revolving Loans, \$403,347, will be purchased by the General Corporate Fund. The balance remaining in this fund, which is projected to be \$2,081,917, will be paid to the Illinois Department of Commerce and Economic Opportunity, to be converted into two grants totaling an equal amount to the City.

The Special Revenue Funds are listed on the Special Revenue Funds Budget Summary in the front part of this budget. Three TIF (Tax Increment Financing) Funds are included in these funds. The working fund balance of all the Special Revenue Funds at April 30, 2019 is projected to be \$2,935,632.

#### PROPRIETARY FUNDS BUDGETARY HIGHLIGHTS:

The City has four “Proprietary Funds” whose operating expenses are intended to be funded by their operating revenues.

The Sanitation Fund became a Proprietary Fund on May 1, 2008 when its operating rates were increased enough to pay its operating costs and thereby support itself. The garbage rates were changed to \$19.00 per month effective May 1, 2016 and will not be raised on May 1, 2018. The working fund balance at April 30, 2019 is projected to be \$161,382.

The City maintains a self-insured Health Insurance Fund, which is also treated as a Proprietary Fund. It is considered an “Internal Service Fund”. The City’s health insurance is one of its largest line item expenses. We had a 0% increase on January 1, 2018, after substantial increases during the two previous years. Also, we are estimating no increase in our rates effective January 1, 2019. Effective May 1, 2016, we transferred our health insurance coverage for 56 retirees to Medicare Plan F coverage and have since transferred additional retirees to this plan. We are projecting a working fund balance of \$1,188,039 on April 30, 2019.

The Public Utilities Fund operates the water distribution and sanitary sewer systems of the City. As mentioned above, during 2017-2018, the City restructured the street maintenance, public utilities and parks departments, combining those departments and reduced our total payroll. The accounting for assets, liabilities, fund balances, revenues and expenditures is still separated.

Effective May 1, 2018, the Sewer Fund will be separated out of the Public Utilities Fund and will be a new fund. The Public Utilities Fund will then become the Water Fund.

The Water Fund is projected to have an operating surplus of \$415,201 for 2018-2019, a working fund balance for operations at April 30, 2019 of \$746,469 and total expenditures for operations of \$4,046,732. The Sewer Fund is projected to have an operating deficit of \$363,469 for 2018-2019, a negative working fund balance for operations at April 30, 2019 of \$(7,752) and total expenditures for operations of \$3,749,946.

We have restricted revenue from a 3% rate increase on May 1, 2009 and 3% rate increases on November 1, 2009, 2010, 2011 and 2012 that have been restricted by the City Council for capital, infrastructure and related debt service expenses. These funds will be maintained and accounted for in the Water Fund.

Effective November 1, 2016, a Capital Improvement Fee based on the size of the meter and a 2% increase in water and sewer rates were implemented and were also restricted by the City Council for capital, infrastructure, and related debt service expenses. The City Council repealed the Capital Improvement Fee effective December 31, 2017 but kept the restricted annual 2% increases, for which the next increase is scheduled for November 1, 2018. These funds are being separately accounted for in the Water and Sewer Funds.

We are proposing \$5.437 million of capital expenses, infrastructure improvements and related debt service expenses in the Water Fund for the next fiscal year. That amount is \$1.423 million in the Sewer Fund.

There is no increase in the water and sewer rates for operations proposed in this budget effective May 1, 2018.

Originally, approximately 10% of the 2012 General Obligation Bonds were allocated to the Public Utilities fund, and are restricted now in the Water Fund, for capital and infrastructure improvements.
